ESTATE
GELBER MUSKATELLER Hof

Vintage	2023
Alcohol	11,5%vol.
Area	Lower Austria
Soil structure	Primary rock weathering soil
Planting year	2014, 2004
Serving temperature	10 °C
Aging potential	2026
Container	0,75l
Food pairing	Enjoy the Gelber Muskateller from Weinhof Waldschütz best as an aperitif or if you want to treat yourself to a good glass of wine from time to time.
Soil profile	Like the Riesling Kamptal DAC and the Grüner Veltliner Kamptal DAC, the Gelber Muskateller grows on the terraces of the Loischl vineyards, one of the highest vineyards in the Kamptal region. In addition to sandy tongues of granite and slate, there are also blue-tinged rock reminiscences of the Zöbinger Permian.
Tasting Notes	A brightly sparkling, radiant, noble yellow refreshes and delights when poured into the glass. The bouquet of this Muskateller presents itself with fine musky notes. Besides aromas like nutmeg and citrus notes, there is also a hint of green apple. On the palate, this wine convinces with a discreet, finesse-rich variety. Not overwhelming, but rather slim, straight and lively, the Gelber Muskateller from the Weinhof Waldschütz convinces everyone who is looking for a light glass of wine.
