Soil profile	Grüner Veltliner Wagram grows exclusively in a vineyard called „Diebstein“. This terroir is ideal for Grüner Veltliner: Due to the special soil texture this wine offers a recognisable light and fruity character. Pleasing loamy loess profiles in a perfect combination with precipitations, enough hours of sunlight and cold winds at night time allow for such a light, fruity and especially harmonious Veltliner.
Tasting Notes	The Grüner Veltliner Wagram offers a clean yellow colour with greenish tints. On the nose, this wine presents itself with a typical black pepper aroma. After swirling the wine in a glass, the smell reminds one not only of pepper but also of green capsicum. As regards taste, the Grüner Veltliner classic Wagram can be described as a harmonious, light and fruity wine. With an elegant play of acidity and distinctive Veltliner aromas, this wine is able to convince the taster.
